

Simplifying Integration

System Scale offers flexible custom solutions to meet your requirements.

Since 1979 System Scale has provided customized software and hardware solutions to meet specific customer requirements. Our experienced staff is well versed in bar code, wireless, data collection and scale integration projects. Our extensive industry diversification allows us to take some ideas we have learned over time and apply them across a variety of industries. How can we help you?

Scale Integration

We can customize scale terminals on-board software to provide specific tasks including filling, counting, printing, operator prompting and data storage.

Data Collection

We offer PC, hand-held, RFID and bar code devices to allow you to collect data from the plant floor and get it to the office where you can use it to your advantage.

Counting/ Inventory

Reduce human error and time wasting activity with counting, RFID, bar code solutions. Stand alone or fully integrated counting/inventory tracking give you control and piece of mind.

Truck Management Software

PC software allows you to track activity on your vehicle scale. A variety of modules including RFID and Wireless are available to meet most applications.

Wireless

Eliminate expensive wiring between devices and increase flexibility with SECURE wireless solutions. Send data to your in-plant network or miles away with this proven and cost effective technology

Labels

Standard size and custom label stock to meet any application including high heat, cold, corrosive, outdoor use and RFID.

In-Motion Railroad

Increase throughput and reduce railroad demurrage charges. Solutions to weigh trains up to 5 mph and include a variety of RFID and other wireless enhancements.

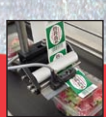

SYC-SPC Collection

Reduce errors in manufacturing and quality BEFORE they get to your customer. Portable and fully-integrated systems are available.

Custom Packaging

Sometimes out of the box equipment just won't cut it. Custom packaging with save time, save and increase productivity.

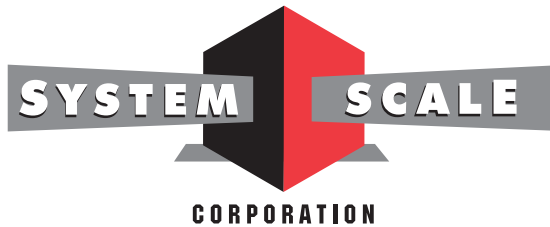

Auto Labeling

Increase throughput and accuracy with our auto labeling solutions. Label and spray on ink jet products allow you to put information where you need it.

**For flexible customized solutions that work when nothing else does...
System Scale Corporation is the answer.**
